**DROPSY TREATMENT.** It gives  
quick relief. Swelling and  
short breath soon gone.  
Liver and kidneys act better.  
General improvement is realized. I send  
by mail a trial treatment absolutely  
FREE. Try it. Never heard of any-  
thing its equal for dropsy.  
Write to DR. THOMAS E. GREEN,  
Bank B. Bldg., Box 23, Chateaufort, Ga.

**If He Smokes  
Give Him Nicotol  
Powders Secretly**

Any mother, wife or sister can stop  
the tobacco habit if she wants to do so.  
Thousands of women are happy  
today because they gave their hus-  
bands, sons or brothers Nicotol pow-  
ders, thus saving the money wastefully  
spent for tobacco and benefiting the  
health of the loved ones they rescued.  
Nicotol powders are odorless, tasteless  
and harmless and can be given in  
either liquid or solid food. You take  
no risk, as Nicotol powders are sold  
under a steel-bound, money-refund  
guarantee by the Welles, Rohmann and  
Berkner stores, and other druggists.  
adv.

## SAVE MONEY; GO TO WORK AND GO TO EARLY'S SCHOOL

Cookeville Institution Costs  
Less for Pupils to Attend  
Than Average Person Loses  
at Work.

Prof. Thomas A. Early, president of  
the Cookeville Polytechnic Institute,  
called on The News Scimitar Thursday  
evening and demanded, with a smile on  
his face and an 11-cent cigar in his  
hand, to know who was responsible for  
an article appearing in The News Scim-  
itar some weeks ago, while a bill was  
pending in the legislature to take a  
goodly sum from the state treasury and  
give a part of it to the C. P. I., in  
which said institution was referred to  
as "the little school with the big  
name."

His explanation was good enough to  
be true. He spoke so eloquently and  
so clearly that the reporter, if he had  
been reciting for pupils. According  
to Prof. Early, a figure of a man  
working for a moderate wage can save  
money in these days of inflated prices  
by chucking the job and spending a  
year or so in the Cookeville school. In  
fact, the average annual deficit of the  
man working for a salary (it's different  
with the wage earner) is greater than  
the entire cost of a year's schooling in  
Putnam county.

A student in Cookeville school has an  
annual expense of about \$130 a year.  
This includes the best there is in  
Cookeville and Cookeville is no picky  
town. It has a citizenship of Judge  
Laddenden and 2,999 others, of whom  
my community might be proud.  
The school, with 28 acres of land,  
which is not enough to be a burden,  
two auditoriums, two dormitories, shop  
building, etc., is valued at \$150,000.  
Cookeville and Putnam county donated  
the school and the citizens raised \$100-  
000, which left a debt of \$15,000 to be  
paid by the state. It was paid in the  
first six months of the school's opera-  
tion out of the school funds.

The school has an enrollment of 445  
and operates on a revenue of about  
\$25,000. This year it will get more,  
probably as much as \$40,000. It costs  
the state only about \$40 a year for each  
pupil in the school. The cost of living  
is remarkably low. Cookeville is a  
great egg and poultry market. There  
are many ways of raising chickens and  
school boys admittedly have one of the  
best. Large quantities of eggs are  
brought to Cookeville to be exported to  
the United States and some shippers  
find it more economical to sell at  
Cookeville prices than to pay ocean  
rates down the Cumberland river to  
Nashville and take the risk of break-  
age and other losses that frequently  
result from long range business trans-  
actions.

Prof. Early is a practical man. He  
believes in making the students work.  
That is the difference between a prac-  
tical man and an impractical one. If  
the school needs a new building, Prof.  
Early organizes a class in carpentry  
and builds it. If the cattle need at-  
tention he organizes a class in animal  
husbandry. It is a practical school,  
says Prof. Early, doing things in a  
practical way.

Prof. Early was on his way to Water  
Valley, Miss., his boyhood home. He  
has not been there for three years. He  
is a graduate of Mississippi Agricul-  
tural and Mechanical college, worked in  
the corn club organization in Missis-  
sippi several years and before taking  
the presidency of the Cookeville school  
corn clubbed the people of West Ten-  
nessee to good advantage.

He dropped into the newspaper office  
to say that he knew nothing of the  
bill to take away funds from the Nor-  
mal schools and was not in favor of  
the bill, and if any of his friends  
thought otherwise he wanted to set  
them right.

### FORECASTS PROBLEM OF N. Y. TRAFFIC IN 1950

NEW YORK, April 18.—Traffic prob-  
lems of New York in 1950 were pictured  
in a prediction made last night by F.  
J. H. Kracke, public service commis-  
sioner, who declared that if the pre-  
sent rate of growth is maintained the  
population of the city will then be 12,  
666,666, and that its transportation lines  
will be called upon to carry more than  
8,000,000 passengers annually. To  
cope for this growth, Mr. Kracke de-  
clared, the present transit facilities  
must be multiplied by four.

Mr. Kracke's analysis was made in  
connection with an appropriation by  
the Belt Line railway corporation for  
permission to abandon its old tracks  
along the water front. He recom-  
mended abandonment of such track-  
age in all parts of the city that  
transportation companies may concen-  
trate their funds "upon the develop-  
ment of facilities much more useful  
and beneficial."

### BIG BOOST TO FOREIGN TRADE CONTINUING

WASHINGTON, April 18.—Continued  
increase in the foreign trade of the  
United States was shown in statistics  
made public today by the bureau of  
foreign and domestic commerce. Ex-  
ports in March were valued at \$695-  
000,000, as compared with \$588,000,000  
in February this year and \$522,000,000  
in March of last year. For the nine  
months of the fiscal year ending with  
March the exports were worth \$6,000-  
000,000 approximately \$600,000,000 more  
than the corresponding period of last  
year.

### Tailored for Shape and Form.

Suits are not near as expensive when  
you consider the service and satisfac-  
tion you get for paying just a little  
more for our service and quality. J. H.  
Moriarty & Son, Tailors, 81 S. Main  
Street.

### FRENCH CHAMBER VOTES FOR EIGHT-HOUR DAY

PARIS, April 18. (By the Associated  
Press.)—The chamber of deputies last  
evening passed a bill establishing an  
eight-hour day for workmen. The vote  
was by a show of hands after the  
chamber had adopted an amendment  
proposed by former Premier Briand pro-  
viding that under no circumstances could  
employers make the reduction in work-  
ing hours a pretext for a reduction in  
wages.

### LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for  
a few cents—Try it!

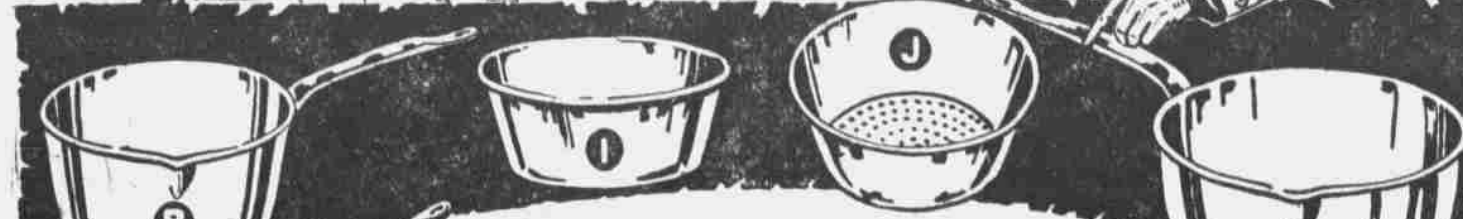

Squeeze the juice of two lemons into  
a bottle containing three ounces of  
orchard white, shake well, and you have  
a quart of the best freckle and tan  
lotion, and complexion beautifier, at  
very very small cost.  
Your grocer has the lemons and any  
drug store or toilet counter will supply  
three ounces of orchard white for a few  
cents. Massage this sweetly fragrant  
lotion into the face, neck, arms and  
hands each day and see how freckles  
and blotches disappear and how clear,  
soft and rosy-white the skin becomes.  
Yes! It is harmless and never irritates.

## 4,500 RAINBOW TROOPS ON SEAS

WASHINGTON, April 18.—More than  
4,500 officers and men of the Forty-  
second (Rainbow) division were includ-  
ed in troops announced by the war de-  
partment yesterday as having sailed  
from France. The Rainbow division  
men are aboard four warships, the bat-  
tleships Minnesota and South Carolina,  
due at Newport News April 27, and the  
cruisers North Carolina and Montana  
due at New York on the same day.

The units announced as having sailed  
include the headquarters of the Eighty-  
third infantry brigade, which is com-  
manded by Brig.-Gen. Frank M. Caldwell,  
the 16th infantry, which was formerly  
the Fourth Alabama Infantry, the  
Second Georgia Infantry and the 117th  
signal battalion, which when it  
went overseas was made up of Min-  
nesota troops.

The battleship Minnesota has aboard  
the 1st machine gun battalion com-  
plete: Companies L and M of the 16th  
infantry, a casual company each for

## CRANE MADE ENVOY.

WASHINGTON, April 18.—Selection  
of Richard Crane, private secretary to  
Secretary Lansing since 1915, to be the  
first American minister to the new re-  
public of Czechoslovakia, was an-  
nounced at the state department today  
by Acting Secretary Pak.  
Mr. Crane, whose father is Charles  
R. Crane of Chicago, is 37 years old  
and was born at Denver.

Connecticut and New York and two cas-  
ual officers.  
The battleship South Carolina is  
bringing the 117th field signal battalion  
complete and 24 casual companies.

## MERIDIAN POLICE CHIEF IS FIRED BY MAYOR

MERIDIAN, Miss., April 18. (Sp.)—  
The Meridian police department was  
shaken to its foundations this morning,  
when Mayor James suspended Chief  
of Police L. G. Montan on charges  
made by members of the department  
that he was intoxicated on duty and  
that his treatment of them was un-  
bearable.

The mayor stated he would personally  
take charge of the police force,  
following reports that a mass of charges  
would be filed against other members  
of the force.
